To Whom It May Concern:

It is my absolute pleasure to recommend Jessica Pettitt as a Certified Speaking Professional through the National Speakers' Association. Jessica visited The University of Tennessee last Spring, and we couldn't be happier with the quality of her program!

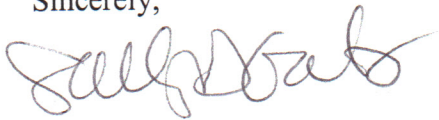

Not only is Jessica a model professional, and an absolute joy to work with, she also has a way of connecting with students on challenging topics that warrants genuine admiration. Rarely can a speaker simultaneously engage students in such critical dialogue while still keeping a light and entertaining mood throughout the audience.

Jessica is more than merely a speaker addressing tough topics, she is a role model and a friend to all she meets. One of her strengths is that she awakens a sense of social responsibility and student leadership within all audience members, not just specific student groups.

I would undoubtedly ask Jessica to return to The University of Tennessee, and I highly recommend her to colleagues across the country who have an interest in educating students about social justice, student leadership, and creating change on a college campus.

If I can be of further assistance, please do not hesitate to contact me at any time.

Sincerely,

Sally Gates
