

June 2009

An Dochas and the Haran Irish Dancers were simply – incredible.

As a successful season concludes at the Bishop Center for Performing Arts in Aberdeen, Washington, we wanted to express our appreciation to the very talented An Dochas and the Haran Irish Dancers. They performed at our theatre in January 2009, to a completely sold-out house. The audience enthusiastically enjoyed the performance and left asking for a return date.

It goes without saying that their music and the dancing were absolutely incredible and flawless. But unlike some performing groups, An Dochas and the Haran Irish Dancers were also a pleasure for us to work with before, during and after the show. All of the artists were professional and courteous to all, our stage crew, our ticket folks and our audience. In addition, their agent was accommodating and very easy to work with; the video provided well in advance helped with early marketing and resulted in the early ticket sell-out.

We would enthusiastically recommend An Dochas and the Haran Irish Dancers as excellent performers and outstanding individuals and would be pleased to welcome them back to the Bishop Center. Please contact me for any further information.

Sincerely,
