Dear Afro-Latin Project Team,

We would like to thank you for visiting Indiana University of Pennsylvania and being a part of the 6 O'clock Series. We truly enjoyed your performance as did the students, faculty and community members who attended. The performance taught the students the colors, movements and sounds that shaped Latin America as a result of the African presence there. Students were enthusiastic about the way you used commentary, dance and music as a medium for sharing the history of the relationship between Latin America and Africa. The information provided is important in explaining to students how cultures mix and how different races and cultures are linked. We are certain that it helped students to better understand how current cultural traditions developed.

Enclosed, you will find a summary of the audience evaluations. The audience evaluated the following three aspects of the presentation: accuracy of advertising, effectiveness of the performance, and the usefulness of the material presented. These aspects were rated on a 1-5 scale (1 being the least and 5 being the most).

Also enclosed is a copy of one of the flyers that was distributed across campus.

Sincerely,

Rick Kutz
