FAQ's

Can we run the program ourselves?

Bear Creations can be booked as a product only package or a fully staffed event. If you choose a product only package, you will receive instructions with your product that share our experiences with running this event and ideas on how to make it as successful as possible.

Do we have to be able to sew?

No. All of the stuffed animals have a hidden zipper in the back. As soon as you are done stuffing, you just zip it up. It is easy and fun to stuff your own bear.

Do you offer discounts for larger orders?

Yes. Let us know how many animals you would like (in increments of 12), and we will review discounted pricing with you.

Are the stuffed animals of good quality?

Our stuffed animals are similar to the quality you find at a greeting card store. These are NOT the kind of stuffed animals you find at a fair. Different styles have varying levels of softness based on the presentation of the animal, but they are all of very high quality. We would be happy to share with you our personal favorites and the items that other campuses have said were huge hits for them. Samples are available as well.

Contacts us today to request a full catalogue of our stuffed animals and accessories or a sample bear.
